Re: Incorporation of Squaw Valley

Honorable LAFCO Members,

I am the owner/resident of the above property located in beautiful Squaw Valley. I write you today for two reasons;

First, I want to voice my objection to the incorporation of Squaw Valley on any level whatsoever. Adding another layer of government is not something I fundamentally support nor is it a good idea in this specific case. Placer County and the local agencies are doing a fine job with the public services. Also, performing the fiscal analysis before the boundaries are set seems to me like a waste of resources. I believe that an accurate boundary needs to be established before the fiscal analysis can be completed so that the analysis can be based on real facts and revenues from the properties to be incorporated.

Second, for the reasons stated above, I respectfully request that my property NOT be included in the incorporation boundary. I prefer not to be included in this process or the resulting incorporated area should that ultimately come to be.

Thank you for your consideration of my position.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Morgan', with a long horizontal flourish extending to the right.
